This matter comes before the Public Service Commission of South Carolina (the Commission) by way of the request of Romeo Liriani DBA Myrtle Beach Transportation (the Applicant) filed May 14, 2008, whereby the Applicant seeks approval of an amendment to Class C Certificate of Public Convenience and Necessity No. 7981. The Applicant requests approval of a change in the passenger restriction appearing on such Certificate. A review of the docket file reveals that the Certificate (Certificate No. 7981) to render motor passenger service in the present docket was issued pursuant to Commission Order No. 2008-280, dated April 15, 2008, in the name of Romeo Liriani DBA Myrtle Beach Transportation.

Currently, the Applicant's authority to provide passenger service (Certificate No. 7981) reads as:

Restricted To: Seven (7) Passengers.

The Applicant requests to increase the passenger restriction from seven to fifteen passengers.

Based upon review of the matters asserted in the Applicant's request, the Commission is of the opinion that the relief sought by the Applicant should be approved.

IT IS THEREFORE ORDERED:

1. That the relief sought in the request for modification of Certificate of Public Convenience and Necessity No. 7981 of Romeo Liriani DBA Myrtle Beach Transportation by changing the passenger restriction thereon from seven (7) passengers to fifteen (15) passengers be, and hereby is, approved.

2. That said approval is for a change in the passenger restriction authorized by such Certificate but does not otherwise authorize any change in the operation of the regulated services.

3. An amended Certificate shall be issued by the Office of Regulatory Staff to the Applicant as provided herein.

4. That prior to compliance with statutory and regulatory requirements and the receipt of such amended Certificate, the modified motor carrier services authorized by such Certificate may not be provided under the amendment approved herein.

5. That this Order shall remain in full force and effect until further Order of the Commission.
